A fun and interactive circus show with Tony the tamer and his famous Soundimals!

Dressed in a flamboyant tamer's costume in a one metre wide circus ring, Tony performs his taming number with the famous "Soundimals".

Invisible but certainly not silent, these funny creatures perform all kinds of acrobatic tricks in the spirit of classic animal acts from the circus under the erratic supervision of Tony, who blunders his way through this imaginary universe.

AFTER THE SHOW

The circus parade – 30 minutes

If you are teaching French in class, why not stay for the free after-show workshop with the children?

With the help of the Soundimals and animal puppets made out of paper, do the circus parade, imitate the sounds of the lion or the elephant and learn their names in French.

All performances start at 12:00 pm and finish at 13.30 pm with the workshop.

Tickets: £8 – concs £6

Group discount: **15% off the concession price tickets** for groups of 10 or more.

E.g. £5/child. Staff go free.
