

## Glossary challenge

Have a look at the glossary

- How many words from the word bank did you already know?
- Put a tick beside the ones that you know.

You might have recognised some of the following:

- Remember that verbs change a little depending on who is doing the action, but most of the word usually stays the same.
- For example, think of some classroom language like “ *je voudrais...*”
- You might have come across some of them when working on the creation stories in other countries on this website; for example a verb like “ *devenir* ” or a noun like “ *la vie* ”.

Now choose five words which you didn't know and learn them – your partner can test you once you've learned them! Remember that French doesn't always sound like it is written.

To check how to pronounce the word correctly, go to:

<http://translate.google.com>

Type in the word in French and listen to the correct pronunciation.
