

## Glossary Challenge

Have a look at the Glossary provided:

- How many words from the word bank did you already know?
- Put a tick beside the ones that you know.

You might have recognised some of the following:

- that verbs change a little depending on who is doing the action, but most of the word usually stays the same. For example, think of some classroom commands like: rangez, posez, cherchez, trouvez, touchez.
- You might also know some adjectives such as blanche, triste.
- You might recognise words which you have come across in other countries on this website, for example: dieu, déesse.

Now choose five words which you didn't know and learn them – your partner can test you once you've learned them! Remember that French doesn't always sound like it is written.

To check how to pronounce the word correctly, go to: <http://translate.google.com>

Type in the word in French and listen to the correct pronunciation.
