## **Connected languages**

Many languages are interconnected because they share words that come originally from the same place or "root". The more connections you can spot, the easier it is to learn new languages and have a better understanding of your own.

Using an <u>online translation</u> tool, see if you can find out what these words are in different languages. Can you see the connections between them? Click on the audio button to hear the words being said out loud. When you take into account how the words are pronounced, you'll see that many of them are very similar. Can you do some research to help you find out where the word originated? Consult an <u>etymological dictionary</u> to help you.
